## Core Work Packages

Nr	Title	Description	Leading Country	Budget in €
4	Data for health workforce planning	This WP provides key building blocks of the HWF planning and forecasting systems by providing better understanding of collected data on MS and European level. Special attention will be given to migration and mobility data.	HU	764 245
5	Exchange of good practices in planning methodologies	This WP promotes & supports the use of quantitative model-based planning methodologies (both supply-side and demand-side) based on what is in use today or shortcomings in EU countries and a “good practices” evaluation. Health professions in focus: doctors, nurses, pharmacists, dentists and midwives.	IT	1 023 902
6	Horizon scanning	This work package will document qualitative workforce planning in MSs by exchanging experience, practices, outputs and outcomes in horizon scanning methodologies and will support the use of horizon scanning. WP6 will also estimate the future needs in terms of skills and competencies of HWF.	UK	1 170 187
7	Sustainability of the results of the Joint Action	This WP will consolidate the JA experience & results in view of continuation. It will identify the partners to continue the activities & the format of the continuation for after the JA. It will elaborate a coherent plan for follow-up and reinforce impact of HWF planning & forecast on policy making.	BU	647 215

# UPCOMING EVENTS

A man with long dark hair, wearing a red and white striped t-shirt and dark jeans, is captured mid-jump in a grassy field. His arms are spread wide, and he has a joyful expression. The background is a clear, bright blue sky. The overall mood is one of freedom and positivity.
