COUNTRIES & REGIONS FORUM – SESSION 1

Countries & Regions Forum on further use of planning methodologies across EU
(Moderated by EU COM & PGM)

- So we have in hand most of what EU knows about HWF data collection

- What else do we need for improving HWF data collection all over EU ?

Objectives of this workshop

The informal discussion should enable highlighting the steps that the MSs and Regions could now take,

- either to implement a HRH data collection for planning and monitoring purposes
- or to improve the existing one,

and how EU consensus common HRH information management could be found.
