

Dear Colleagues

As promised in our latest email to you on 17 April, please find attached the official invitation to our Workshop held in Budapest on 13th-14th June. We are really motivated to welcome you here in Budapest! Please send me a confirmation of your participation by 10th May so we can start planning ahead in time.

On the attached WP4 GANTT chart (an earlier version printed copy of which you already had in the JA Kick-off pack), please check the distribution of your days allocated among the three main activities of WP4. If you would like to change it, please let me know by 30 April.

Please note that Collaborating Partners coming to the Budapest workshop are expected to cover all travel and accommodation costs from their own institutional budget.

The minutes of our WP4 kick-off are also attached to keep records of what we discussed and agreed on during our last meeting.

Kind regards

Zoltan
